Features

Housing

Durable extruded aluminum frame with frosted smooth lens. Suitable for dry location applications only. On-body on/off switch is provided for individual control (except 9" models).

LED Driver

Fixture is provided with built-in silent non-flicker electronic LED driver, 120V, 60Hz.

Light Output

This accent light is available in 3000°K, 4000°K colour temperature.

Dimming

Fixture is dimmable with industry standard TRIAC, ELV and Incandescent dimmers.

LED Characteristics

Powered by LED integrated strip that maintains uniform intensity with 70% lumens at 50,000 hours average life; with a minimum CRI of 80.

Beam Spread

The fixture lens provides for 160° beam spread.

Linking

Complete with a joiner, these no shadow linking fixtures can be linked up to 10 units in a single run.

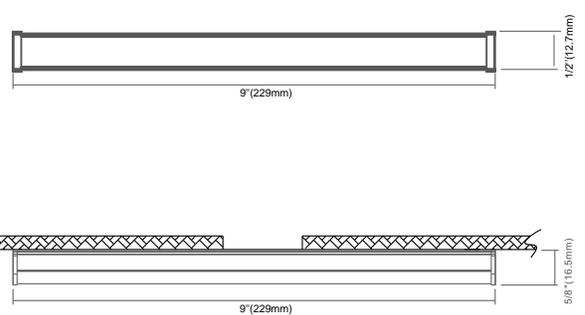

Mounting Kit

Hardware provided for mounting fixture to standard horizontal surfaces or vertical wall surface.

Operating Temperature

-10°C~40°C (14°F~104°F).
