FACTORY DIRECT LIGFTING

## LED Flat Panel - D Panel Series - 30W \& 40W (120~347V)

## DESCRIPTION

The FDPL LED Panel Light was developed as a Sustainable Luminaire for replacing Troffers where space and design is a consideration. The LED Panel Light with a seamless, uncomplicated design offers exceptional quality and performance. THE LED Panel Light is just 11 mm ( $0.4^{\prime \prime}$ ) thick and powered by a high efficient LED source. The LED Panel Light is perfect for a wide variety of general applications.

## SPECIFICATION FEATURES

## Construction:

Mitsubishi PMMA LGP, aluminum frame with white paint finish. Strong frame structure with better heat dissipation. Suitable for damp locations.

Electrical:
LG high efficient long life LEDs complete electrical with driver to deliver the optimal performance. LEDs standard 5000 K , with typical CRI: 80 . Ambient temperature -20 C to 50 C . Rated for 130,000 hours at L70. $91.3 \%$ lumen maintaining after 36,000 hours. 0-10V Dimmable. Electronic drivers are selectable between 120 to 347 V .

Driver Access:
Drivers can be accessed by removing screws on the driver box located at the back of the fixture. Wired junction box with knock out is included

Finish:
White seamless finish

## Diffusion:

Layers of diffusion provide effective and uniform light distribution without glare or hot spots.

## Mounting:

- Grid mounting ( Standard)
- Adjustable suspension Kit (FDPL-SCXX)
- Surface mount kit (FDPL-XXSM) for wall and ceiling
- Recess mount kit (FDPL-RCXX) for drywall

Compliance:
The driver and luminaires are cETLus and DLC 4.0

## Warranty:

5 years
